

Chunhui Wei - Resume

4th April 2026

Born: 3rd February 2004
Status: Master Student at Unimelb
Fields: mathematics
Tools: Overleaf: $\text{\LaTeX}$; VS code: python; Mathematica
Languages: Chinese: Native, English: Advanced
Contact: School of Mathematics and Statistics
The University of Melbourne
Parkville, VIC, 3010, Australia
+61 0419519841
chunhuiw2@student.unimelb.edu.au

Education

- | | | |
|-----------|---|------------------------|
| 2019-2023 | Bachelor's Degree
<i>University of Science and Technology of China, School of Gifted Young</i>
Bachelor of Science, mathematics and applied mathematics
Bachelor's Thesis: Reduced solutions of the SU-Toda system
advisor: Associate Prof. Bin Xu | 📍 Hefei, China |
| 2024-2025 | Master's Degree
<i>University of Melbourne, School of Mathematics and Statistics</i>
Master of Science (Mathematics and Statistics),
Master's Thesis: Remarks on Semi-topological Quillen-Lichtenbaum Conjecture
supervisor: Prof. Christian Haesemeyer | 📍 Melbourne, Australia |

Experience

- | | | |
|-----------|---|------------------------|
| 2020-2022 | National Innovation and Entrepreneurship Training Program
<i>University of Science and Technology of China</i>
Participated as a team member under the guidance of Associate Professor Bin Xu
Study the SU-Toda system with singularities on Riemann sphere | 📍 Hefei, China |
| 2022-2023 | The College Student Research Program
<i>University of Science and Technology of China</i>
Participated under the Direction of Associate Professor Bin Xu
Study the reduced solutions of the SU-Toda system | 📍 Hefei, China |
| 2023 | Research Assistant
<i>CAS Wu Wen-Tsun Key Laboratory of Mathematics</i>
<i>School of Mathematical Sciences, USTC</i>
Cooperation with Professor Bin Xu on the study of Toda systems with regular singularities on complex manifolds | 📍 Hefei, China |
| 2024-2025 | Research Project
<i>University of Melbourne</i>
Participated under the Direction of Professor Christian Haesemeyer
Study the topological K-theory of complex non-commutative space | 📍 Melbourne, Australia |
| 2026 | Visiting Scholar
<i>IASM, Zhejiang University</i>
Visit Professor Professor Song Sun on the study of Kähler geometry | 📍 Hangzhou, China |

Publications

2025

Accepted

Solution to $SU(n+1)$ Toda system generated by spherical metrics Yiqian Shi, Chunhui Wei, and Bin Xu. Journal of Functional Analysis, Volume 290, Issue 1
